on how simple our lives should be. And, remember what Einstein said about simplicity: "A thing should be simple enough but no more."

FEEDBACK FROM SUCCESSFUL ADVENTURERS

=====

I've always found the challenge of creating a life I long for as a kind of adventure. So, I was delighted to receive the following feedback from two of my adventure heroes.

organizing their lives to support an overarching life purpose or passion.

Simplicity, for both is a way of focusing on what matters. However,

"Keep helping me with the arena and he can stay free. I'll throw in

JANUARY -

TURNING RESOLUTIONS INTO REALITY: A Workshop in Creating and Sustaining the Results You Most Want in Life, Work and Relationships.

This 2 & 1/2-day workshop will be held at the Seabreeze Inne on Saltspring Island. The fee, which includes 3 nights accommodation,

"We don't stop playing because we grow old; we grow old because we stop playing."

— George Bernard Shaw

Well, folks, that's it for Vol. 2, #1, the start of a new year for Simplicity and Success. Please keep sending me your feedback and suggestions. I appreciate every note I get and respond.
